Re: **CC Docket No. 96-45, FCC 97-419, DA 05-269:** Petition for
Designation as an Eligible Telecommunications Carrier

Dear Ms. Dortch:

Attached for filing with the Federal Communications Commission (“Commission”), please find a copy of the “Third Revised Narrative Description” to supplement the revised Exhibit 1 of the Petition of Southern Communications Services, Inc., d/b/a SouthernLINC Wireless¹ (“SouthernLINC Wireless”) for designation as an Eligible Telecommunications Carrier (“ETC”) in the rural areas of its licensed service territory in the State of Georgia (“Petition”). SouthernLINC Wireless filed the Petition with the Commission on September 14, 2004, the revised Exhibit 1 on January 12, 2005, and the original narrative description on January 21, 2005. SouthernLINC Wireless filed a revised narrative description with the Commission on March 2, 2005 and a second revised narrative description on November 16, 2005. The Third Revised Narrative Description that SouthernLINC Wireless is filing today replaces in their entirety the January 21, 2005 original narrative description, the March 2, 2005 revised narrative description, and the November 16, 2005 second revised narrative description.

¹ Since the original Petition was filed, SouthernLINC has undergone a name change to SouthernLINC Wireless. As a result, Petitioner requests designation in the name “SouthernLINC Wireless” and not in the name “SouthernLINC” as indicated in the original Petition.

As indicated in its Reply Comments filed on March 1, 2005,² SouthernLINC Wireless amended its Petition and withdrew its request for ETC designation in the service area of Blue Ridge Telephone, including the areas where SouthernLINC Wireless provides service, rather than seeking redefinition of the Blue Ridge Telephone service area. In that filing, SouthernLINC Wireless also requested that the rate center of St. George in Georgia AllTel Telecomm's service area and the rate centers of Youngharris, Blairsville, Suches, and Hiawassee in Standard Telephone's service area be excluded from SouthernLINC Wireless's designation service area.

In the second revised narrative description, SouthernLINC Wireless confirmed its service coverage capabilities in the St. George rate center in the service area of Georgia AllTel Telecomm and withdrew its request to exclude Georgia AllTel Telecomm's St. George rate center from its ETC designation service area. In addition, in lieu of requesting redefinition of Standard Telephone's service, SouthernLINC Wireless amended its Petition and requested that the service area of Standard Telephone be withdrawn without prejudice from SouthernLINC Wireless's ETC designation service area.

The attached Third Revised Narrative description for revised Exhibit 1 indicates the changes SouthernLINC Wireless is requesting. A list of rate centers by rural incumbent local exchange carrier and CLLI code, in which SouthernLINC Wireless is seeking designation as an ETC in the State of Georgia is also included.

² See *In the Matter of Southern Communications Services, Inc. d/b/a Southern LINC, Application for Designation as an Eligible Telecommunications Carrier in the states of Alabama and Georgia*, Reply Comments of Southern LINC, CC Docket No. 96-45 (filed Mar. 1, 2005) ("Reply Comments").
